**BILLING CYCLE**

# CREDIT CARD BILLING CYCLES

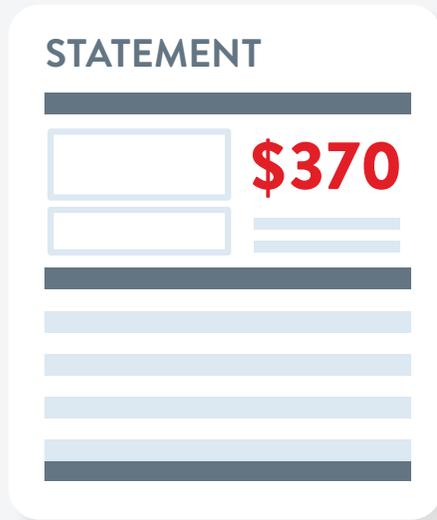

A billing cycle is the period of time between billings—it can vary from 20 to 45 days, depending on the credit card issuer

	<b>CLOTHING</b>	<b>\$100</b>
	<b>REFUND</b>	<b>\$50</b>

Within that time frame, purchases, credits, and any fees or finance charges are added to and subtracted from your account

# CREDIT CARD BILLING CYCLES

When your billing cycle closes, you are billed for the remaining balance—this will be reflected on your credit card statement

# CREDIT CARD PAYMENT TIMELINE

Your statement also shows your payment due date, which is usually about 20 days after your billing cycle ends
