*What is an*

**EMERGENCY FUND?**

---

## ACADEMIC DEFINITION

An **account** that is used to set aside funds to be used in an **emergency**, such as the loss of a job, an illness or a major expense.

---

---

REAL-WORLD DEFINITION

An easily accessible **stash of money** for use only in case of an **emergency**.

---

**6 STEPS TO BUILDING  
AN EMERGENCY FUND**

**STEP**

**1**

**START ONE**

---

# WHO?

Everyone!

# WHY?

Life is unpredictable, and all it takes is one obstacle to derail your financial routine.

An emergency fund minimizes the stress and damage caused by surprise expenses.

---

**STEP**

**2**

**KEEP IT CLOSE**

---

# HANDY

Your emergency fund needs to be accessible, so when it's needed, you can get to it fast.

---

# SEPARATE

An interest-bearing savings account is the perfect place for your emergency fund.

**STEP**

**3**

**GET TO KNOW  
YOUR UNKNOWNNS**

vs.

**UNKNOWN  
UNKNOWNNS**

**KNOWN  
UNKNOWNNS**

# UNKNOWN UNKNOWNNS

**Unknown unknown expenses are the expenses that are truly unpredictable.**

You don't know when they will happen, what they will be or how much you'll need.

# UNKNOWN UNKNOWNNS

Unknown unknowns are the motivation for creating an emergency fund.

## EXAMPLES

- Sudden unemployment
- Health emergencies
- Accidents
- Bereavement travel

# KNOWN UNKNOWNNS

**Known unknowns are expenses that are somewhat predictable.**

You don't know exactly when they will happen, but you know that it's only a matter of time.

# KNOWN UNKNOWNNS

Known unknowns should be budgeted for separately, outside of your emergency fund.

## EXAMPLES

- Major car repairs
- Pet care
- Home repair
- Replacing a major appliance

**STEP**

**4**

**DEFINE EMERGENCY**

## Emergencies come in many different forms.

*Any situation that threatens your cash flow is appropriate for your emergency fund to step in and handle.*

## EXAMPLES

- Being out of work for an extended period of time
- Needing to take care of a loved one
- Waiting for an insurance reimbursement

**STEP**

**5**

**CALCULATE YOUR GOAL**

# SIX MONTHS OF EXPENSES

Monthly Expenses	Emergency Fund Size
\$ 500	\$ 3,000
\$ 1,000	\$ 6,000
\$ 1,500	\$ 9,000
\$ 2,000	\$ 12,000
\$ 2,500	\$ 15,000

Monthly Expenses	Emergency Fund Size
\$ 3,000	\$ 18,000
\$ 3,500	\$ 21,000
\$ 4,000	\$ 24,000
\$ 4,500	\$ 27,000
\$ 5,000	\$ 30,000

**STEP**

**6**

**STICK WITH IT**

**SMALL STEPS**

**Six months of expenses is an intimidating target.**

Set incremental benchmarks—\$500, then \$1,000 and so on.

**PATIENCE**

**A healthy emergency fund takes time to build.**

Be patient, keep reaching for that goal and only touch your fund if there's a true emergency.
